

BWGL Newsletter October 2022

Happy HALLOWEEN

Well, Ladies, we are coming to the end of our season and due to me having too many "irons in the fire", you are receiving a much shortened (late) version of the newsletter for October. Actually, this is it: The weekly prize winners, which Nonya so diligently puts together for us every month! And I'm not even going to talk about what a great mid-October cruise I had with my family. The annual award winners will be presented very soon. Thank you for your patience.
